Dear Dr Gilliat

**Professor Robert Winston**

I refer to your letter addressed to Professor Peter Rubin sent via email on 8 March 2010. Following a change to the Council's constitution, the post of President has been replaced by Chair of Council. The GMC Chair cannot enter into correspondence about individual cases. Your letter has been passed to me to reply to as the Head of Investigation, and the person with responsibility for managing the section which deals with complaints against doctors.

I have reviewed your correspondence along with previous communications, including letters of 23 August 2007 and 29 January 2009 from Linda Summers which clearly explain that we have considered your complaints about Professor Lord Winston. You do not raise any new matters in your most recent correspondence and I can confirm that we will not be taking any further action on your complaint.

Yours sincerely

**Jackie Smith**
