Dear Dr Gilliat,

Thank you for your letters of 16 and 22 September 2015 addressed to our Chair, Professor Stephenson. As Chair of the GMC it would not be appropriate for Professor Stephenson to become involved in the conduct of individual cases. This is because responsibility for the conduct of this process, and the relevant statutory powers, are given by statute to officers of the GMC, not to Council or the Chair. Therefore I have been asked to respond in my role as Corporate Review Manager.

As you know we have previously written to you about these matters. As a result I can only reiterate what you have previously been told, that there is nothing further we can add and our position remains that we will not be responding to you further on these matters and any further correspondence you send will simply be added to our records.

Yours sincerely

John Barnard
